

## Build Your Career

- What if you could **influence** the careers of your most talented team members and help them **get what they want**?
- What if you could keep your people **focused, motivated and productive** whilst working for the business?
- How rewarding and satisfying would it be to see your people **thrive, building** resilient and successful careers?

This Workshop will educate you on the fundamental principles required to **establish and build a career**. Ideally focused on early career development, this workshop will establish the framework for **success**, assisting you to start your career in the right manner and develop plans and activities that build foundations for ongoing success. In particular, you will look at the following areas:

- **Understanding** what constitutes a career and different career types.
- An **evaluation** of career identity and desired character and competence for career success.
- The **development** of career direction and an analysis of strengths and current performance gaps.
- **Building** presence and influence across the business.
- **Maintaining** performance under pressure and stress.

*"Today's seminar was excellent on so many levels. Layne is clearly quite an amazing person and the use of theory, working with partners, group discussion and the small group size was ideal."*

## You Will Get

- **8 key ideas** to setting up and managing a career.
- An analysis of the different career types and how to build a flourishing career that meets your needs.
- A **roadmap to career success** and an associated plan to drive important activity.
- Development and communication of a **career identity**.
- **Building presence and influence** within the work environment.
- Managing stress and setting up energy management structures and rituals.

You will walk away with an enhanced understanding of what you want from your career and the development process required to **achieve your ambitions**.

## Investment

So, how much does it cost? Actually, the correct question here is ... **What are you actually buying?**
