

Career Collateral Ready

- How do you get that first job without a resume?
- How do you build a resume without that first job?
- How do you talk about yourself when applying for a role or an interview?

Over 2 facilitated/presented sessions/lessons over the school year

We explore the power of Likeability when it comes to human connection including the emotions we follow in storytelling including: curiosity, connection, credibility and compulsion. Storytelling and its impact, when it comes to talking about self and resume development and we cover off on practical tips for the school year, around mental health and selfcare.

You Will Get

- An understanding of character traits, their importance and how to build on these.
- How to tell a career story to date, and insert it on a resume.
- Why building and maintaining energy is important in the final year and self-care tips.
- Linkedin profile development for students (this is optional).

"The students really engaged with the concepts and takeaways and the teachers also had their eyes wide open and the possibilities were endless."

Summary of Sessions

Session 1 Key Ideas (45 min)

1. Need to take control – this resides with you!
2. Influencing starts now - become influential in important areas.
3. Character and competence – in the real world we value these as our gifts.

Session 2 Key Ideas (45 min)

1. Likeability – explore the power of human connection and associated emotions.
2. Storytelling – resume development.
3. Mental health and selfcare – lead up to the final leg of the school race.

The year 12 students will feel empowered about who they are and the decisions they need to make around career choices and the building block process

Investment

- \$1,200 each session (<200 students)
- Online version \$800 per session
- Recorded webinar version – to be shown or accessed as needed \$800 per session
- Parents who want 1:1 with their child/student \$ TBD per session

Testimonials

"this is such valuable and timely information as I was drafting my resume just last night." Student

"great corporate advice and experience, shared in a practical, relatable way that the students connected with." Teacher

5 years in development, 2 years in pilot delivery. Ready for broader school market.
